INFORMATION DISCLOSURE STATEMENT

Box PATENT APPLICATION
 Assistant Commissioner for Patents
 Washington, D.C. 20231

Dear Sir/Madam:

Attached hereto are PTO-1449 forms listing documents believed relevant to the subject application. It is respectfully requested that these documents be considered by the Examiner and initialed copies of the PTO-1449 forms be returned to the undersigned.

It should be noted that the word "prior" has been deleted from the form.

It is believed that this disclosure complies with the requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98, and the Manual of Patent Examining Procedures

respectfully requested that the undersigned be called so that any deficiencies can be remedied.

According to 37 C.F.R. § 1.98(d), a copy of any patent, publication, or other information listed in an information disclosure statement is not required to be provided if it was previously cited by, or submitted to, the Office in a prior application, provided that the prior application is properly identified in the statement and relied upon for an earlier filing date under 35 U.S.C. § 120.

This application is a continuation-in-part that relies upon an earlier filing date from patent application serial no. 09/116,621, under 35 U.S.C. § 120. All of the references cited in the present application have already been cited in the parent application, with the exception of document numbers A32, A44, A54, A59, A61, A62, A64, B8, and B13. Thus, Applicant believes that under 37 C.F.R. § 1.98(d), the copies of the previously cited references do not need to be provided herein because the Examiner can obtain the same from the parent file.

If, however, the Examiner would like copies of the previously cited references, the Examiner is respectfully requested to call the undersigned for the same.

Copies of document numbers A32, A44, A54, A59, A61, A62, A64, B8, and B13 have been provided for the Examiner's review.

Some of the enclosed documents may have markings thereon. No significance is meant to be attached to the markings.

With regard to any translations which may be provided herewith, the undersigned does not know how and who made the translations. Therefore, no representation is being made as to the accuracy of any translation.

These documents are not necessarily analogous.

Respectfully submitted,
